## TO NEW BEGINNINGS

Student bodies of IIIT-Delhi work relentlessly  
to welcome the incoming MTech/PhD batch

# THE BRIEF

## Gold Medal at the 20th National Figure Skating Championship

We are proud to celebrate the outstanding achievement of one of our students, who secured a Gold Medal at the 20th National Figure Skating Championship held in Dehradun.

Having started skating at the age of 6, their journey began with a Bronze at the 10th Nationals—and has now culminated in this incredible milestone. Over the years, they have represented India at various international championships across Asia and Europe, including in Singapore, Bangkok, South Korea, Hong Kong, Kazakhstan, the Philippines, Bulgaria, and China.

This gold marks their 7th consecutive national-level gold medal, highlighting their consistent excellence in the sport. Balancing a rigorous academic path with high-performance athletics, their story is a true inspiration to the IIIT-Delhi community.

## 11th International Day of Yoga Celebration

IIIT-Delhi celebrated the 11th International Day of Yoga (IDY) with great enthusiasm, in alignment

with this year's global theme: **"Yoga for One Earth, One Health."** Continuing its tradition of embracing holistic well-being, the institute hosted a series of vibrant events to mark the occasion.

The day began with a guided yoga session led by a certified yoga instructor, drawing participation from students, faculty, administrative staff, and support personnel. Attendees practiced a range of yogic postures, breathing techniques, and meditation—emphasizing the importance of mind-body balance.

Following the session, the institute organized a College-level Yoga Competition, a Yoga performance, and a Kathak dance presentation, which showcased the participants' dedication, discipline, and cultural expression.

To conclude the celebration, a **Tree Plantation Drive** was held—reinforcing the message of harmony between individual health and environmental sustainability, in line with the IDY theme.

The celebration served as a reminder of the importance of inner peace, community wellness, and our shared responsibility toward a healthier planet.

### **Game Development Course & Horizon '25 Showcase – IGDA IIIT-D Chapter**

The IGDA IIIT-D Chapter continued its engaging Game Development course using Unreal Engine through June. The course has seen strong and sustained interest, reflecting the growing enthusiasm for game design and interactive media among students.

In addition, the chapter has officially announced its much-anticipated game showcase event—Horizon '25. With nearly 90 participants forming around 30 teams, Horizon '25 promises to be a dynamic platform for students to present their creative projects and innovations in game development.
