STUDENT AFFAIRS

SEPTEMBER , 2024

This September was a showcase of student talent, collaboration, and cultural diversity at IIIT-Delhi.

THE BRIEF

Homeopathic Health Camp

(4th September, 2024)

On the 4th of September, IIIT-Delhi hosted a Homeopathic Health Camp at the H1 common room, offering students a unique opportunity to explore alternative healthcare.

Throughout the day, students engaged in one-on-one consultations with a homeopathic doctor, who provided personalized health assessments based on individual needs of the students.

This holistic approach allowed students to gain a deeper understanding of their well-being, also addressing long-term health goals.

The camp emphasized the importance of non-invasive, natural treatments, sparking curiosity among students about alternative medicine. Students experienced first-hand the gentle yet effective principles of homeopathy.

Ethnic Photowalk - Tasveer X Muse

(1st September, 2024)

On the 1st of September, Tasveer and Muse came together for an exciting Ethnic Photowalk at the majestic Qutub Minar, one of Delhi's most iconic heritage sites. The event saw students rocking their finest cultural chic outfits, perfectly blending tradition with contemporary style. Students captured mesmerizing photographs that fused fashion, history, and architecture.

The photowalk was not just a visual treat but also a celebration of India's rich cultural heritage.

The event beautifully celebrated India's rich cultural diversity while giving students an opportunity to hone their photography and modelling skills.

THE BRIEF

Blood Donation Camp - NSS

(6th September, 2024)

In celebration of IIIT-Delhi's 16th Foundation Day, the NSS organized a Blood Donation Camp on the 6th of September at the LHC Stairs.

The event witnessed an overwhelming response from students, faculty, and staff who came together to donate blood and contribute to a life-saving cause. With every precaution taken to ensure a safe and hygienic environment, participants were able to donate blood confidently, knowing their contributions would make a meaningful impact.

The camp truly captured the essence of what Foundation Day is all about — giving back, supporting those in need, and coming together as a community to create a positive impact.

Food Fiesta

(11th September, 2024)

Food lovers from across the campus gathered for the much-anticipated 'Food Fiesta' on the 11th of September, hosted by Salt N' Pepper at the LHC Stairs. The event brought together students who not only share a passion for food but also a knack for culinary creativity.

Teams competed in various food challenges, showcasing their talent and love for cuisine. The vibrant atmosphere was filled with the aroma of food, friendly competition, and the buzz of excitement.

As students indulged in the delicious dishes on display, they also enjoyed the light-hearted fun of competing for rewards, making the evening a memorable, mouth-watering experience for all.

THE BRIEF

Goonj Collection Drive

(1st to 11th September 2024)

IIIT-Delhi came together for a heartwarming initiative—the Goonj Collection Drive. The drive inspired both students and staff to contribute to meaningful social causes. Donors brought in neatly packed clothes, footwear, and dry rations, all aimed at supporting Goonj's mission of repurposing these items to create utility goods for underprivileged communities.

The event fostered a spirit of generosity and sustainability on campus, reminding everyone of the impact our small contributions can have when combined for a larger purpose. The initiative not only succeeded in gathering essential supplies for those in need but also reminded everyone of the importance of mindful giving and social responsibility.

Onam Celebration

(20th September, 2024)

IIIT-Delhi's Onam celebration, hosted together by IRC, Muse, Meraki and Tasveer, was a lively and colorful evening that brought the campus together in the true spirit of festivity.

The event featured many traditional games and cultural performances, capturing the essence of this beloved festival. Students enthusiastically participated in activities like Coconut Bowling, Tug of War, and Arm Wrestling, sparking celebration all around.

MUSE held a lively Fashion Competition, while MERAKI brought out the artistic side of the celebration with beautiful displays. The highlight of the evening, was the traditional Onam dance performed by the IRC team, which transported everyone into the heart of the celebration.

SMP Session for CSSS Students

The Student Mentorship Program (SMP) organized an engaging session for the CSSS first year students, bringing together mentors and mentees for an interactive exchange. The session provided a platform for mentees to seek guidance, share experiences, and build connections with their mentors, aiming to foster academic and personal growth.

THE BRIEF

QRMA Health Camp

(26th September, 2024)

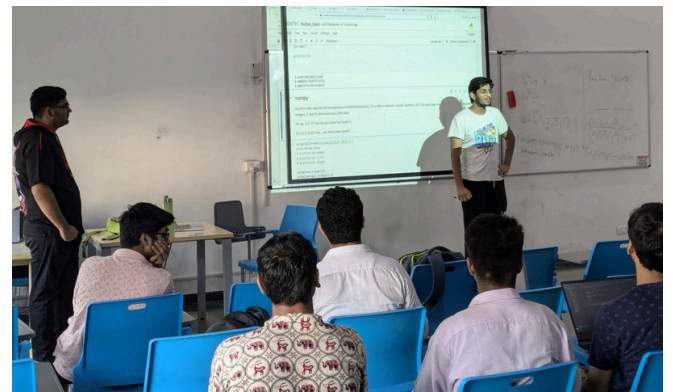

On 26th September 2024, the Office of Student Affairs at IIIT-Delhi organized a unique Health Camp at the H1 common room, introducing students to advanced Japanese technology – Quantum Resonance Magnetic Analysis (QRMA).

This innovative, non-invasive assessment method offered students detailed insights into their physical health, helping to detect potential imbalances and providing holistic health advice.

The camp empowered students to take a proactive approach to their well-being, encouraging them to understand their bodies better and make informed lifestyle choices. The camp was an excellent opportunity for students to prioritize their health in a convenient manner.

Lab Tour for High School Students

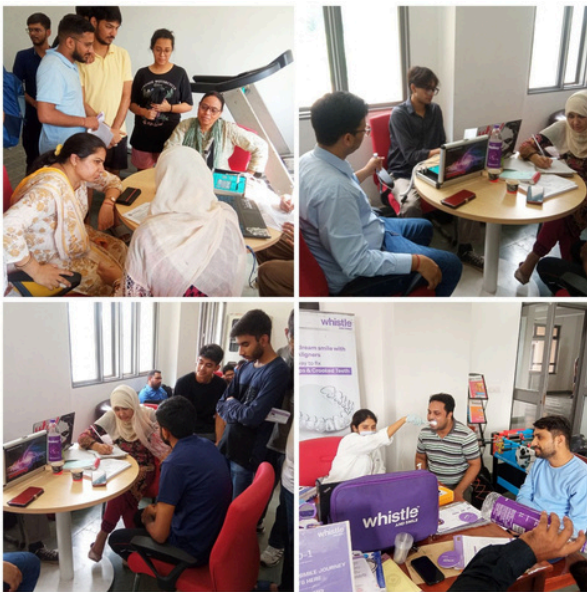

Numpy Code Vectorization Workshop

(27th September, 2024)

As part of the Rai Workshop and Hackathon, Women in Tech, IIIT-Delhi welcomed a group of high school girls on 27th September, 2024, for a special lab tour. The visit aimed to inspire young minds and spark their interest in the field of technology.

Cyborg organized an insightful session on transitioning from Python to Numpy, focusing on code vectorization techniques to optimize performance. Attendees learned how to convert loops into efficient vectorized operations and witnessed firsthand the significant performance boost this can offer. It was an enlightening and interactive experience.
