General Conditions

1. In the event of the tender being submitted by a firm, it must be signed by a person duly authorized through a power of attorney issued by all the partners and a certified copy of the power of attorney should be enclosed with the forwarding letter or separately by each member thereof, or in the event of the absence of any partner, it must be signed on his behalf by a person holding a power of attorney authorizing him to do so and such power of attorney shall be produced with the tender and it must disclose that the firm is registered under the Indian Partnership Act, 1932, together with registration particulars. Any / every power of attorney document shall be duly registered or notarized with the notary serial number written thereon and endorsement of the notary about signature / entry of the same in the register of the notary.

In the event of the tender being submitted by a Company, it must be signed by a person duly authorized by board resolution duly passed in the meeting of the Board of Directors of the Company and a certified copy of the board resolution should be enclosed with the forwarding letter and it must disclose that the company is registered under the Companies Act, 1956 along with the CIN of the company.

Each and every signature given shall be separately witnessed. A contractor or a contractor who himself / themselves has / have tendered or who may tender for the work shall not witness the tender of another person for the same work. Failure to observe this condition would render tenders of the contractors tendering as well as witnessing the tenders liable for summary rejection.

2. The conditions for item rate tender only will be applicable as given in general conditions of contract for Central PWD Works 2008. As mentioned therein also, in the event no rate has been quoted for any items leaving space both in figure(s), word(s) and amount blank, it will be presumed that the contractor has included the cost of this / these item(s) in other item(s) and rate for such item(s) will be considered as zero and work will be required to be executed accordingly. Rates quoted as percentage below / above in the tender will be summarily rejected.
 3. The quantities in the bills of quantities are only estimated quantities and are liable to change. The contract is **not a lump sum contract**; payments will be made on the quantities of work actually done and measured at the accepted rates.
 4. No additions / alterations are to be made by the tenderer in the drawings, specifications, conditions or quantities and any such additions or alterations made by the tenderer will make the tender, invalid and will be summarily rejected. Conditional tenders will also be rejected.
 5. The tenderer shall also bear all expenses in connection with the preparation and submission of his tender and attendance for subsequent negotiations / clarifications.
 - (i) Omission, negligence or failure on the part of the tenderer to obtain
-

requisite and reliable information on any matter affecting his tender, the contract and the construction, completion, maintenance, (dismantling and disposal) of the work shall not relieve the tenderer from any liability in respect of the contract.

- (ii) The tenderer whose tender is accepted shall not be entitled to make any claim for increase in the rates quoted and accepted except as per specific provision in the contract.

6 The Contractor, upon award of work, shall furnish the following details for the approval of the Engineer in charge:

- 6.1. The names of manufacturers of specialized items.
- 6.2. The makes and types of fittings, materials, subject to the makes and type stipulated in the specifications, which he proposes to use in the work.
- 6.3. The details of licenses granted to him and /or to professional qualified and / or licensed technical personnel on his staff who will be engaged on the work (and submit, if called for, the licenses for inspection by the Officer in charge in consultation with Engineer in charge).
- 6.4. Only approved agencies / skilled workers shall be deployed to carry out requisite specialized items of work. The decision of Engineer in Charge in this regard shall be final and binding to all the parties concerned.
- 6.5. All civil, electrical, plumbing, fire fighting and allied works are to be coordinated and coherently carried out by the contractor to achieve the timely completion of works.

7. The tenderer must obtain for himself on his own responsibility and at his own expense all the information necessary, including risks, contingencies and other circumstances to enable him to make a proper tender and to enter into a contract with the IIIT-Delhi. He must examine the drawings, specifications, conditions and so on and must inspect the site of work, examine the nature of the ground and the subsoil (so far as is practicable) and acquaint himself with local condition, means of access to the work, storage facilities or areas for staff colony, the nature of the work, in fact all matters pertaining thereto before he submits his tender.

8. The rates quoted in the bills of quantities unless specified otherwise shall be for all heights, depths, shapes, sizes etc. for finished complete work including by working overtime / holidays / gazetted holidays. 24x7 and for all taxes, octroi, excise, VAT works in addition to service tax and para 6, page 10 of General Condition of Contract.

- 8.1. The rates shall be firm and not be subject to any variations in exchange rates, in taxes, duties etc. in railway freight and the like including labour rates etc. The rates are not subject to change/increase/escalation for a
-

period upto 18 months from the date of acceptance.

9. The IIITD further reserves the right to delete or reduce at any time, any section of the bills of quantities without assigning any reasons whatsoever there for and no claim will be entertained in this regard in addition to para 8.3, page 11 of General Condition of Contract.
 10. The tenderer whose tender is accepted is bound to execute formal agreement with the IIIT-Delhi within one week of the date of intimation of award of work in accordance with the acceptance of the tender in the approved proforma, but his liability under the contract shall commence from the date of written order to commence work whether the formal agreement is drawn or not. The Contractor shall bear all expenses in connection with the execution of the said agreement including fees for stamping and registration of documents as required.
 11. It will be the sole responsibility of the contractor to procure all equipments / materials and other materials required for the work:-
 13. The Security Deposit will bear no interest what so ever until the date of release.
 14.
 - (a) The contractor, upon award of work, shall submit a memorandum of procedure giving the outline of his general scheme, programme and time table, in the form of a chart. The programme shall be scrutinized and approved (with modifications as necessary), which shall become the approved programme for execution. The approved programme shall be the basis for assessment of comparative progress under the relevant conditions of contract.
 - (b) Over and above, the contractor has to supply monthly programme chalked out showing important milestones to be achieved and the progress actually achieved compared with, the target of the same in the programme and shortfall, if any planned for being made up in the programme for next month.
 15.
 - (a) The work in general shall conform to the CPWD Specifications with up to date correction slips issued as on date of receipt the tenders and the "Specifications for Electrical & plumbing works".
 - (b) In case items not covered by the general specifications referred above, reference shall be made to the appropriate I.S. Code.
 - (c) Should there be any difference in the particular specifications of individual item of work and the description of item as given in the Schedule of quantity, the latter shall prevail, which will be as per the relevant drawing.
 - (d) In case of any work for which there is no specification in I.S. specifications or in the specifications forming part of tender documents or in case there is any variation, such work shall be carried out in all respects in
-

accordance with the instructions to be issued by the Engineer in charge.

16. 22. Procedure for Settlement of Disputes

22.1 Engineer's Decision

If a dispute of any kind whatsoever arises between IIIT-Delhi and the contractor in connection with, or arising out of, the contract or the execution of the works, whether during the execution of the works or after their completion and whether before or after any repudiation or other termination of the contract, including any dispute as to any opinion, instruction, determination, certificate or valuation of the engineer, the matter in dispute shall, in the first place, be referred in writing to the engineer, with a copy to all parties. Such reference shall be made within one (1) month of arising of any such dispute and state that it is made pursuant to this clause. No later than one (1) month after the day on which he received such reference the engineer shall give notice of his decision to IIIT-Delhi and the contractor. Such decision shall state that it is made pursuant to the reference under this clause.

Unless the contract has already been repudiated or terminated, the contractor shall in every case, continue to proceed with the works with all due diligence and the contractor and IIIT-Delhi shall give effect forthwith to any / every such decision of the engineer unless and until the same shall be revised, as hereinafter provided, in an amicable settlement or an arbitral award. If either IIIT-Delhi or the contractor be dissatisfied with any decision of the engineer, or if the engineer fails to give notice of his decision on or before one (1) month after the day on which he received the reference, then either IIIT-Delhi or the contractor may within a further period of one (1) month from the day on which it / they receive(s) the notice of such decision, or on the day on which the said period of notice of / for decision expired, as the case may be, give notice to the other party, with copy for information to the engineer, of its / their intention to commence arbitration. Such notice shall establish the entitlement of the party giving the same to commence arbitration, as hereinafter provided, as to such dispute and no arbitration in respect thereof may be commenced unless such notice is given. If the engineer has given notice of his decision as to a matter in dispute to IIIT-Delhi and the contractor and no notification of intention to commence arbitration as to such dispute has been given by either IIIT-Delhi or the contractor as herein provided, the said decision shall become final and binding upon IIIT-Delhi and the contractor.

22.2. Amicable Settlement

Where notice of intention to commence arbitration as to a dispute has been given in accordance with sub-clause 22.1, arbitration of such dispute shall not be commenced unless an attempt has first been made by the parties to settle such dispute amicably. Provided that, unless the parties otherwise agree, arbitration may be commenced on or after one (1) month from the day on which notice of intention to commence arbitration of such dispute was given, whether or not any attempt at amicable settlement thereof has been made or result achieved.

22.3. Arbitration

Any dispute in respect of which:

- a) the decision, if any, of the engineer has not become final and binding pursuant to the first sub-clause above,
- b) amicable settlement has not been reached within the period stated in the second sub-clause above,

shall be finally settled, unless otherwise specified in the contract, by arbitration to be held in New Delhi in English, under the provisions of the Arbitration and Conciliation Act 1996, including any statutory reenactment(s) / amendment(s) thereof and Rules made thereunder, by the arbitrator. The Director of the Institute shall appoint one person as the sole arbitrator. Either party shall be limited in the proceeding before such arbitrator to evidence or arguments put before the engineer for the purposes of obtaining the said decision pursuant to the first sub-clause herein. No such decision shall disqualify the engineer from being called as a witness and giving evidence before the arbitrator on any matter whatsoever relevant to the dispute. Arbitration proceedings shall not be commenced prior to the completion of the works, unless any major pre-requisite criticality is discerned by the arbitrator, and the obligations of IIIT-Delhi, the engineer and the contractor shall not be altered by reason of the arbitration. The works shall not be stopped on account of the said process of arbitration and the contractor shall not be relieved of his responsibilities for the completion of the work under any circumstances whatsoever.
