TENDER FOR SUPPLY & INSTALLATION OF LASER CUTTER
FOR
INDRAPRSTHA INSTITUTE OF INFORMATION TECHNOLOGY DELHI
PHASE-III, NEW DELHI-110020

(Tender no. IIITD/MM/Laser Cutter /78/2020-21)

INVITATION FOR BIDS

Indraprastha Institute of Information Technology -Delhi (IIITD), a State University created by an Act of Govt. of NCT of Delhi, invites sealed bids for **Supply and installation of Laser Cutter Machine** (as per specifications mentioned under Scope of Work below) for its campus at Okhla Phase-III New Delhi-110020.

1. Earnest Money Deposit: Exempted. Bid Security Declaration to be submitted as per Annexure-X
2. The tender document can be downloaded from the Institute's web-site. Those wishing to get the copy of the document from the Institute may please deposit non-refundable Tender Document Fee of Rs.1,180/- (Rupees One Thousand One Hundred Eighty only) in the form of Demand draft drawn in favour of IIIT-Delhi Collections", payable at New Delhi or may deposit Rs.1,180/-with the F&A division of the Institute and enclose the receipt with the filled up tender document. Tender fees is exempted for MSMEs/NSIC registered suppliers.
3. The last date for submission of bid is 16th March 2021 up to 3:00 PM. The Technical bids shall be opened on the same day i.e. 16th March , 2021 at 3.30 P.M. The Tender Document should be addressed to:

Registrar,

**Indraprastha Institute of Information Technology-Delhi
Okhla Phase-III, (Behind Govind Puri Metro Station)
New Delhi-110020.**

The document may be deposited in the Tender Box kept in the Store & Purchase department at the Room no. A 107, First Floor, Old Academic Block of the Institute. Bids received after 3:00 PM will not be accepted or considered under any circumstances.

Bidding Procedure:

1. Bids are invited in Two Bids System i.e. (1) Technical and (2) Financial.

Technical and Financial bids should be sealed separately and enclosed in a sealed envelope clearly indicating separately Technical Bid for “**Supply and installation of “ Laser Cutter Machine”** and Financial Bid for "**Supply and installation of “Laser Cutter Machine ”** addressed to Registrar IIIT-Delhi, Okhla Industrial Area Phase-III, New Delhi-110020.

2. Sealed quotations shall be received not later than 3.00 P.M. on 16th March, 2021. No bids will be accepted after this date & time under any circumstances. The Institute will not be responsible for any postal/courier delay and also for reasons beyond control of the Institute.
3. Technical bids must contain the EMD declaration, along with complete technical details as desired by this tender. Technical bids of all the tenderers will be opened on pre scheduled date, time & venue. The financial bid will be opened after evaluation of the technical bid. Financial bid of only those meeting the requirement of the Institute will be opened and no representation in this regard will be entertained. The date, time of opening of financial bid will be communicated later.

Scope of Work

Technical Specifications of the Laser Cutter Machine (Quantity - 3)

TECHNICAL SPECIFICATION – LASER CUTTER MACHINE

S. No	Requirements	Details
1	Work Area	Minimum workbench area should be 600mm x 300mm
2	Thickness of material	It should support up to the 6mm in continuous operation mode. Higher thickness cutting capability will also preferred
3	Brand	The product should belong to the best brand and similar machines should be installed in many reputed institutes, organization's. Proof will be required to submit
4	Software	<p>The design and controlling software should come along with the machine. And it should be for life time duration. The software should have the flexibility to automatically (or one click option) to correct the error of the design file. It should be easy to control in use. If at any point of time, we find that software is difficult to learn, vendors need to always provide training whenever it will be required. Other additional features like grouping, dimension adjustment, timing information, cut & paste, grid size adjustment, most importantly tools to design files directly on the software itself. More features in addition to this will be preferred and required.</p> <p>Timely upgraded software would be required to share with us.</p> <p>Software should be compatible with latest version of Windows OS such as 10 and MAC operating systems with a minimum of 4 GB RAM</p>
5	Modes	Cutting, Engraving and flexibility to run both modes simultaneously should be present in the machine or software or both. Other modes will also be preferred
6	Movement control	The best branded DC motors will be required which should be able to provide fine movement to the head unit of the laser. It should be maintenance free at all.
7	Resolution	It should be user controlled minimum should be 50 dpi. It is an important requirement, vendors can be asked to give the demo before the tender.
8	Speed and Power	It should be software (and machine controlled) with a resolution of at least 0.005. There should be color feature
9	Print Interface	It should be compatible using USB, wireless, and ethernet based. (with all three)
10	Electrical Requirements	Auto switching power supply, 220 volt AC , 50 & 60 Hz.

11	Ventilation system	High CFM at least 500, external exhaust would be required. It should be capable of exhausting fumes up to the height of 20 foot. Related adjustments will be required to be done by the vendor only. Complete setup will be accepted.
12	Laser	The laser (should mention class) should be completely safe, that would be present in the machine. It should not harm at any point of time neither to machine and most importantly nor to humans. A completed safety setup should be in the machine itself. Safety certificate will be required by the company to which it belongs. Pollution content certificates will also be required like what are the gaseous, pm level concentration for each surface material type (like birch wood, mdf, acrylic). This certificate should illustrate information about what all types of gaseous parameters are present in the fumes, when these materials such as birch ply (5mm), mdf (5mm), acrylic (5mm) undergo for an engraving task.
13	File Formats	DXF, .AI, OBJ, and others. The software should be compatible to support known and mostly used File Format. We would prefer which support the maximum distinct number of file formats at least- 8, which are mostly used.
14	Other accessories	Other accessories like wiring, cables, exhaust for ventilation (specification given before), UPS with battery, Chiller system will also be provided by vendors only and these devices should belong to brand to which the laser machine belongs.
15	Warranty	Full Machine with all accessories like exhaust, chiller, UPS and battery, software and other additional things which will be provided to us should be under 3 years of warranty with parts replacement. Further AMC cost details with parts replacement after completion of three warranty years will be required to submit to us, which will include each and every part of the machine repair and replacement during the AMC period.
16	Materials compatibility	Machines should support a wide range of material which belong to the wood category, acrylics, clothes, and ceramic, leather, stone, would prefer metal also, and more. Atleast up 30 distinct material machine should be able to support for cutting, engraving or any other operations
17	Consumables	With a machine, at three sets of consumable for each location will be required to provide. For e.g, if 3 lenses are used in a machine at a different place, the vendor will provide 9 lenses, 3 for each location. These three sets would be different from the already existing lens in the machine. So total would be 4 sets of consumables.

Minimum Eligibility Requirement:

- 1 Bidder should be OEM/Authorized Partner/service provider of the OEM. In case the tenderer is an Authorized Partner or Service Provider a valid Agency-ship/Dealership Certificate (MAF specific to this tender) to quote on behalf of OEM should also be enclosed along with the technical bid. **A document in support of this must be enclosed.**
- 2 OEM & bidders should have Sales office in Country. **A self-certified document in support of this must be enclosed.**
- 3 The warranty provided by the bidder should have a back to back arrangement with the OEM. **The declaration should be the part of a Letter of Authorization and signed by competent authority at the OEM.**
- 4 The bidder should be ISO 9001 certified. **A copy of ISO Certificate should be enclosed.**
- 5 The vendor/OEM should be able to provide 24 x 7 NOC & Tele support of their own if required by IIITD at agreed terms. **A self-certified document in support of this must be enclosed.**
- 6 The bidder shall provide the Registration number of the firm along with the valid GST number with PAN Number allotted by the competent authorities. **A self-certified document in support of this must be enclosed.**
- 7 The bidder must not be blacklisted by Central Government, State Government or Government of Corporations in India. **A certificate or undertaking to this effect must be submitted.**
